Executive Summary and Background Information:

Z-19-6: This is a request for rezoning from Single Family-2 to Townhouse zoning by Brandon Taylor, dba 2 B Builders, owner, in the 3200 block of Main Street - Lots 1 & 4, Block 29, Ghio-Fish Boulevard Addition. The proposed use is townhomes. There is an existing substandard structure at this location that will be demolished and removed from the property prior to construction of the townhomes.

The adjacent zoning is Single Family-2 to the north, south and east and General Retail to the west. The adjacent land use is a business and residence to the north, a strip shopping center and multi-family housing unit to the west, vacant land and a park to the south, and vacant land to the east.

The Comprehensive Plan has designated this area as Neighborhood Residential.

The applicant is proposing to construct six townhomes at this location. The attached proposed layout shows the townhomes facing Main Street with parking in the rear. Access is shown off West 32nd Street.

Following are comments from the Engineering Department:

1. Minimum parking requirements have been met.
2. Property will need to be replatted. If property is split into 1 lot per structure, then all zoning requirements for lot width, depth, etc. will be required to be met. Also, each lot will require 2 parking spaces within that lot.
3. The 15' building line along West 32nd Street will need a variance or to be approved by plat. On a corner lot a 25' building line is required on both street frontages.
4. A Floodplain Development application will need to be submitted prior to construction.

Staff has also advised the applicant to consider the layout and orientation of the proposed development to front towards Ferguson Park to the south. This recommendation was based on an implementation goal of the Comprehensive Plan through the subdivision and development process to include consideration of the way in which residential and nonresidential lots are laid out— in which adjacency and accessibility to park and open space areas should be optimized in all types of development. (The applicant did indicate at the P & Z meeting that they were willing to construct the townhouses facing toward the park as recommended by staff).

There are several vacant lots in this immediate area. There is not a high likelihood that this property will ever develop with single family residences since it is adjacent to and behind a retail strip center. The proposed townhome development could act as a buffer between the business property to the west and the residential area to the east. In addition, the existing dilapidated structure will be removed from the property. Therefore, staff recommends for approval of this request.

City of Texarkana, Texas

The applicant should be aware that if this rezoning is approved, there may be additional applicable city code/ordinance requirements in addition to those listed including but not limited to building, subdivision, fire, drainage, water and sewer prior to the issuance of building permits.
All notification and application requirements have been met to consider this request.

Ordinance No. 2019-036 granting a Specific Use Permit to allow permanent cosmetics/microblading (tattooing) on a 1.76-acre tract of land in the MEP & P Rwy. Co. HRS, A-421, located at 3505 Summerhill Road, Suite 2. Tiffany Labrada, applicant. Vanessa Wilson, agent.

Item Schedule

Schedule 1: Brief twice - vote once (six weeks)

Updates/History of Briefing:

NOT APPLICABLE

Executive Summary and Background Information:

S-704: This is a request by Tiffany Labrada, owner and Vanessa Wilson, agent, for a Specific Use Permit, SUP, to allow the location of a permanent cosmetics/microblading business in a tenant space at 3505 Summerhill Road (Suite 2). A strip shopping center is currently located on this site.

The adjacent zoning is Commercial and General Retail to the north, General Retail to the south and east, and Single Family-2 to the west. The adjacent land usage is vacant land and a car dealership to the north, a vacant car wash to the south, a shopping center across Summerhill Road to the east, and a school to the west.

This property is zoned General Retail. A Specific Use Permit is required to allow the one additional use of a permanent cosmetics/microblading business which is also considered a "tattoo" per the City's Zoning Ordinance. The State of Texas will regulate this business as to licensing and other health related issues. Several medical facilities and hair salons are now offering this type service for clients. Therefore, staff recommends for approval.

If this request is approved, staff would suggest the following stipulations be placed in the Ordinance:

1. That the owner/or any employee performing the application of permanent cosmetics/microblading (tattooing) procedures be currently licensed by the State and meet all Federal, State and City licensing laws and health regulations. (A copy of the current license must be provided to the City prior to the opening of the business).
2. That the Specific Use Permit be intended for the application of permanent cosmetics/microblading only.
3. That if this use ever ceases to exist at this location, the City may automatically revoke the Specific Use Permit.

This request meets all city requirements to allow this one additional use on this property. There should be adequate parking for this business.

All notifications and application requirements have been met to consider this request.

Executive Summary and Background Information:

Z-19-7: This is a request by Emil Thurman, owner, to rezone Lot 5, Block 10, Bellview Addition, located at 1809 Charlestine Street from Single Family-2 to Single Family-3. The proposed use is one double wide HUD code manufactured home. The current use is vacant land.

The adjacent zoning is Single Family-2 to the north, south, east and west. The adjacent land use is residences and vacant land to the north, south, east and west.

The City's Zoning Ordinance was amended to comply with the state law in 2002, requiring that all manufactured housing be HUD code building standard. This amendment also stipulated that all HUD code manufactured homes inside the city limits be placed in the Single Family-3 zoning district along with the approval of a Specific Use Permit.

The Comprehensive Plan has designated this as a Neighborhood Residential area. There is currently a manufactured home located two lots to the east of this site. Double wide manufactured housing looks like some of the existing frame pier and beam houses in the area. This type housing could also be a revitalization housing alternative to traditional site built homes. Therefore, staff recommends for approval of this request.

The applicant should also be aware that if this zoning change is approved, all other applicable city code/ordinance requirements must be met including but not limited to building codes, setbacks, subdivision, fire, parking, drainage, water and sewer prior to the issuance of building permits.

All notification and application requirements have been met to consider this request.
