The U.S. 2020 Census is still underway and being conducted in the community. The friendly "twin-city census challenge" continues between the states. The challenge is to help boost the census response rate by encouraging citizens on both sides of state line to participate. All Texas citizens were encouraged to complete the census questionnaire as the data helps Texarkana become eligible for available federal funding across various programs that can directly benefit our city.

Everyone was reminded to keep Texarkana's students in their prayers as Pleasant Grove Independent School District has already started the new school year. Liberty Eylau Independent School District students are scheduled to resume classes on August 12th and Texarkana Independent School District students on August 19th. It is hoped that students, parents, teachers, and administrators will have a safe environment in which to work, learn, and play during this year's school activities.

As of this meeting, there were 769 positive COVID-19 cases, 308 recoveries, 40 related deaths, and 421 active cases in the local area. These numbers are based on test results and consultations with physicians. Citizens were reminded to continue social distancing, to wear a mask while out in public, and to practice good hand washing habits to help slow down the spread of the virus.

IV. OPEN FORUM: COMMENTS FROM THE PUBLIC

Per Council rules, comment time is limited to five minutes, or ten minutes if using a translator. Before comments are made, a speaker must complete an information sheet and give to the City Secretary. If your comment pertains to an agenda item with a scheduled public hearing or public comment, the Council requires that you make your comment at that time; you do not need to complete an information sheet.

At the beginning of Open Forum, Mayor Bruggeman stated that the two open forum comments which were received after the 12:00 p.m. deadline for the July 13th council meeting have been referred to the council members for this meeting.

The following callers spoke during Open Forum:

City Secretary certification of signatures on petition by International Association of Fire Fighters, Local 367 (IAFF Local 367) to submit to voters on November 3, 2020, a City Charter amendment to provide IAFF Local 367 with unilateral authority to compel the City to binding arbitration before a three-member Arbitration Board of all issues in dispute regarding the negotiation of a collective bargaining agreement [election order to be submitted to City Council at August 10 meeting].

Under the law, the petition must be submitted to the City's voters on the November 3rd, 2020, ballot at a special election.

COVID-19/Emergency Operations Center (EOC) Report

Eric Schlotter gave an overview of the operations at the EOC to date. He updated the council on current coronavirus numbers affecting the area. He also specifically discussed the importance of contact tracing which is performed by police officers Matt Cashatt and Josh Armstrong.

The EOC has moved its operations from the Ark-Tex Council of Governments building and now works out of the Fire Training Facility. As this is a collaborative effort, many thanks went to Lance Hall with Bowie County, Tracey Litton and Lisa Thompson of the City of Texarkana, Texas, Dr. Matt Young, and Bowie County Judge Bobby Howell.

This monument pays tribute to the mothers of Confederate soldiers and represents the grief felt by so many following this dark time in our history.

For the typical Confederate army soldier, allegiance did not arise primarily from a devotion to the institution of slavery but from a sense of honor, devotion to their communities, and most importantly loyalty to their fellow soldiers. This is true of the typical soldier in all places and at all times.

Today, we Americans can clearly see the evils of slavery and do not support it although slavery still exists. *Freedom United* reports that there are an estimated 40 million people who are in slavery in the world today. The call to remove these historical monuments that we are seeing in America today is not about fighting for civil rights but it is part of a concerted effort from the left to destroy our country. The typical leftist today is ignorant of this and has a desire to further what they see as a noble cause. Some are even calling for the removal of art depicting Jesus Christ and for the removal of monuments to Abraham Lincoln and Dr. Martin Luther King, Jr. This madness has to stop!

Thank you for your time,

Updates/History of Briefing:

On May 28, 2020, the Office of the City Secretary received a “Petition for Charter Amendment” from the President of the International Association of Fire Fighters, Local 367, submitted pursuant to Chapter 9 of the Texas Local Government Code, to require the City Council to order an election to amend the City Charter.

The City Secretary, as part of the validation process, reviewed 1,363 signatures submitted, validated a total of 1,169 signatures, and certified to the City Council during its regular meeting held on July 13, 2020, that the petition contained a sufficient number of validated signatures to meet the statutory requirements and must be submitted to the City’s voters on the November 3, 2020, ballot.

Executive Summary and Background Information:

According to law, the City Council has no discretion to refuse this proposed charter amendment and must carry out its duty to order an election on the proposed charter amendment.

Therefore, this Ordinance orders a Special Election for November 3, 2020, to present a ballot measure that, if approved, would amend the City Charter by adding a new section 17, titled “Collective Bargaining Impasse”, under Article XVII, “General Provisions”, which would allow only the International Association of Fire Fighters (IAFF), Local 367 to determine when the City and IAFF Local 367 cannot agree regarding the negotiation of a collective bargaining

agreement, allow only IAFF Local 367 to force the City to submit all issues in dispute between them to compulsory arbitration, create a three-member Arbitration Board, restrict the evidence that the Arbitration Board may consider in making its decision, and any decision of the Arbitration Board would be final, binding and cannot be overruled or changed by the City Council.

This Ordinance also provides:

- A statement of six facts that the City Council finds and determines.
- That the City Attorney shall prepare ballot wording as required by law and forward such to the Bowie County Elections Office.
- That the City Manager or her designee shall include in the published notice of the election, as required by law, an estimate of the anticipated fiscal impact to the city if the measure passes.
- Early Voting and general voting information.

A copy of the ethics pertaining to Political Subdivision Resources for Political Advertising is attached in your packet. This will help the Council understand rules to abide by during this process.

Some highlights are:

- That neither city employees nor the City Council may use City resources for political advertising to advocate for or against this proposed amendment
- An officer or employee of the City may not spend or authorize the spending of public funds for political advertising
- The City Council or an employee is free to campaign for or against this proposition on their own time or use their own resources

Potential Options:

- None. Approval this Ordinance is required by law.
-

Fiscal Implications:

The cost implications if this amendment is passed could be substantial to the City such as:

- A downgrading to the City's bond rating,
- Requiring the City Council to enact a tax increase
- Requiring the reduction of City services to include the elimination of some services such as street repairs, demolition, mowing of vacant lots and ROW's, park closures and reduced hours of operation for community centers
- Decreasing the number of employees in other departments to provide funding for the increase in salaries for the firefighters

Immediate costs incurred to place on the ballot:

Election cost of \$7,750.

Notice publication cost estimated at \$4200.

ORDINANCE NO. 2020-083

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF TEXARKANA, TEXAS, CALLING FOR A SPECIAL ELECTION TO BE HELD TUESDAY, NOVEMBER 3, 2020, FOR THE PURPOSE OF PRESENTING TO THE QUALIFIED VOTERS OF THE CITY OF TEXARKANA, TEXAS, A BALLOT MEASURE TO AMEND THE CITY CHARTER BY ADDING A NEW SECTION 17, TITLED “COLLECTIVE BARGAINING IMPASSE”, UNDER ARTICLE XVII, “GENERAL PROVISIONS”; PROVIDING FOR BALLOT WORDING; PROVIDING FOR EARLY VOTING; AND ESTABLISHING AN EFFECTIVE DATE.

WHEREAS, on May 28, 2020, the Office of the City Secretary of the City of Texarkana, Texas, received a “Petition for Charter Amendment” from the President of the International Association of Fire Fighters, Local 367, submitted pursuant to Chapter 9 of the Texas Local Government Code, to require the City Council to order an election to amend the City Charter by adding the following to Article XVII, “General Provisions”, of the City Charter:

Section 17. Collective Bargaining Impasse.

“If the City and the International Association of Fire Fighters, Local 367 have reached an impasse regarding the negotiation of a collective bargaining agreement, as determined by the Association through written notice to the City:

- (A) The Association, after written notice to the City containing specifications of the issues in dispute, may request arbitration and, in such event, the City and the Association shall submit all issues in dispute to arbitration within 45 days of the City's receipt of the Association's written arbitration request. The arbitration ruling shall be final, binding, and enforceable against both parties.
- (B) Both parties shall select one arbitrator within 15 days of the Association's original request to arbitrate and provide written notification to the other party of the name and contact information for the selected arbitrator. The selected arbitrators shall attempt to select a third (neutral) arbitrator within 10 days of their selection in order to form a three-person Arbitration Board. If the arbitrators are unable to agree on a third arbitrator, either party may request that the American Arbitration Association select the third arbitrator, according to its fair and regular procedures. The third arbitrator shall preside over the Board. Any decisions made by the Board at any stage of the arbitration process will be determined by simple majority vote of the selected arbitrators.
- (C) Arbitration shall be conducted by the City and the Association pursuant to the procedures, timelines, duties, requirements, and rights as set forth in Texas Local Government Code §§ 174.155, 174. 157-174.162, 174.J 64, and 174.253, or any successor to these statutory provisions.
- (D) In making its decision, the Board may consider only the following:
 - (1) compensation and conditions of employment that prevail in comparable public sector employment in other cities;
 - (2) the rate of increase or decrease in the cost of living for the Texarkana area as determined by the Consumer Price Index;

- (3) any of the following conditions:
 - (a) hazards of employment
 - (b) physical qualifications
 - (c) educational qualifications
 - (d) mental qualifications
 - (e) job training
 - (f) skills, and
 - (g) any other factors the Board determines to be relevant to the issues raised by the parties; and
- (4) revenues available to the City and the impact of any arbitration ruling on the taxpayers of the City.”; and

WHEREAS, according to law, “[t]he governing body shall submit a proposed charter amendment to the voters for their approval at an election if the submission is supported by a petition signed by a number of qualified voters of the municipality equal to at least five percent of the number of qualified voters of the municipality or 20,000, whichever number is the smaller”¹; and

WHEREAS, the Bowie County Elections Office provided the City Secretary with a voter registration list that contained the names of 22,640 voters; after subtracting – as required by law² – the suspense or “S” voters before calculating the number of signatures needed to validate a petition, the registered voter tally equaled 19,137; and applying the statutory five percent requirement, the number of signatures needed to validate a charter amendment petition required a threshold number of 956 valid signatures; and

WHEREAS, the City Secretary, as part of the validation process, reviewed 1,363 signatures submitted, validated a total of 1,169 signatures, and certified to the City Council during its regular meeting held on July 13, 2020, that the petition contained a sufficient number of validated signatures to meet the statutory requirements and must be submitted to the City’s voters on the November 3, 2020, ballot; and

WHEREAS, according to law, the City Council has no discretion to refuse this proposed amendment and must order an election on the proposed charter amendment submitted³; and

WHEREAS, according to law, notice of the election must be published in a newspaper of general circulation in the City on the same day in each of two successive weeks, with the first publication occurring before the 14th day before the date of the election, and the notice must include a substantial copy of the proposed amendment and an estimate of the anticipated fiscal impact to the City if the proposed amendment is approved at the election”⁴; and

WHEREAS, according to law, an officer or employee of the City may not spend or authorize the spending of public funds for political advertising, but this prohibition does not apply to a communication that factually describes the purposes of a measure if the communication does not advocate passage or defeat of the measure⁵; and

WHEREAS, according to law, although neither city employees nor the City Council may use City resources for political advertising to advocate for or against this proposed amendment, quoting from materials published by the Texas Ethics Commission, “you are free to campaign for or against a proposition on your own time and with your own resources”⁶; and

WHEREAS, the City Council finds and determines the following:

- i. The City Charter contains no provision which affords preferential treatment of employees of one city department over another;
- ii. City staff has never proposed, and the City Council has never proposed or deliberated, amending the City Charter to afford preferential treatment of employees of one city department over another;
- iii. City staff has never proposed, and the City Council has never proposed or deliberated, amending the City Charter to allow only the International Association of Fire Fighters, Local 367, to “force the city into binding arbitration for a new employment contract”⁷, since Texas law does not force either the City or Local 367 into binding arbitration;⁸
- iv. Considering the anticipated fiscal impact to the City if the proposed amendment is approved at the election, since the proposed amendment would establish an Arbitration Board to make decisions that the City Council cannot overrule or change, and given the unprecedented negative impact of a global pandemic on the City’s budget and financial resources, grave concerns exist whether a future arbitration award will negatively impact the City’s budget or appropriations, downgrade the City’s bond rating, and/or require the City Council to enact a tax increase, cut City services, or a combination of increasing taxes and cutting services;
- v. The City Council carrying out its duty required by law to order this election is not — and should not be construed as — a City Council endorsement of the proposed charter amendment or a reflection of the personal opinions of any councilmember; and
- vi. The City Council carrying out its duty required by law to order this election is not — and should not be construed as — a concession of the legal validity, if any, of the proposed amendment.

NOW, THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF TEXARKANA, TEXAS:

SECTION 1: An election is hereby called and ordered to be held in the City of Texarkana, Texas, at the respective voting places determined and set by Bowie County, Texas, on the 3rd day of November, 2020, for the purpose of submitting to the voters a ballot measure to vote “for” or “against” amending the City Charter of the City of Texarkana, Texas, by adding a new Section 17 under Article XVII, “General Provisions”, titled, “Collective Bargaining Impasse”, as set out in the aforementioned “Petition for Charter Amendment”.

SECTION 2: Within the time required for preparation and inclusion of the measure ordered in Section 1 of this Ordinance, the City Attorney shall prepare ballot wording as required by law and forward such to the Bowie County Elections Office.

SECTION 3: Within the time required for notice of the election ordered in Section 1 of this Ordinance, the City Manager or her designee shall include in the notice “an estimate of the

anticipated fiscal impact to the municipality if the proposed amendment is approved at the election” as required by law.⁹

SECTION 4: Early voting by personal appearance will be conducted beginning on **October 13, 2020** and ending on October 30, 2020, at the following locations: Bowie County Courthouse, 710 James Bowie Drive, New Boston, Texas; Southwest Center, 3222 West 7th Street, Texarkana, Texas; and Walnut Church of Christ, 2720 Moores Lane, Texarkana, Texas.

SECTION 5: The deadline for receipt of applications for mail ballot shall be at 5:00 p.m. on **October 23, 2020**, in the Bowie County Elections Office in accordance with Section 84.007 of the Texas Election Code. The deadline to receive ballots by mail shall be 7:00 p.m. on **November 3, 2020**, in the Bowie County Elections Office.

SECTION 6: In the event of any changes made by Bowie County, Texas, or the Governor of the State of Texas to the dates or deadlines set forth in this Ordinance or other law, then this Ordinance shall be deemed amended to conform with such changes.

Understanding Your Personal Liability as a City Official: A Primer

Updated August 2019

This paper is meant to provide basic information regarding *state* laws that may result in criminal or personal liability for city officials. A home rule charter, local policy, or ordinance may provide for more stringent requirements in some circumstances. This paper is not comprehensive in nature, but rather is intended to highlight some of the state law provisions that most commonly give rise to personal liability in connection with the holding of or running for a city office. Please consult the individual state laws cited for detailed information about the issues discussed here. You can find additional resources regarding many of the topics discussed in this paper on our Web site at www.tml.org.

B. Political Advertising and Campaign Communications

Certain disclosures must be made in relation to political advertising. “[P]olitical advertising that contains express advocacy is required to include a disclosure statement. The person who causes the political advertising to be published, distributed, or broadcast is responsible for including the disclosure statement.”²³⁷ A violation may result in a civil penalty in an amount determined by the TEC.

There are restrictions on the contents of political advertising and campaign communications. Political advertising and campaign communications must not misrepresent a person’s identity or title or the source of the advertising or communication.²³⁸ A violation is a misdemeanor offense.²³⁹ A TEC publication entitled “Political Advertising: What You Need to Know” is available here <https://www.ethics.state.tx.us/resources/advertising/>.

There are restrictions on the use of a city’s internal mail system to distribute political advertising. Officers and employees of a city are prohibited from knowingly using or authorizing the use of an internal mail system for the distribution of political advertising.²⁴⁰ The prohibition does not apply to use of the city’s mail system to distribute political advertising that: (1) is delivered to the city’s premises through the U.S. postal service; or (2) is the subject of or related to an investigation, hearing, or other official proceeding of the city.²⁴¹ A violation of the prohibition is a Class A misdemeanor.²⁴²

Finally, it is important for a city official to understand the limitations on spending public funds (i.e., city funds) or using public resources²⁴³ for political advertising. City officers and employees are prohibited from knowingly spending city funds for political advertising. The prohibition does not apply to a communication that factually describes the purpose of a measure so long as it does not advocate the passage or defeat of the measure.²⁴⁴ A permissible communication may not, however, contain false information that is likely to influence a voter to

A city council that has ordered an election on a measure (e.g., a bond election), may request the TEC to issue a written advisory opinion as to whether a particular communication violates these prohibitions and the written opinion, among other things, serves as an affirmative defense to prosecution or imposition of a civil penalty. A Short Guide to the Prohibition Against Using Political Subdivision Resources For Political Advertising In Connection With An Election

No matter how enthusiastic you are about an election, it is important to remember that the Texas Election Code prohibits the use of political subdivision resources to produce or distribute political advertising in connection with an election. Section 255.003 of the Election Code provides as follows:

- An officer or employee of a political subdivision may not spend or authorize the spending of public funds for political advertising.
- This section does not apply to a communication that factually describes the purposes of a measure if the communication does not advocate passage or defeat of the measure.
- A person who violates this section commits an offense. An offense under this section is a Class A misdemeanor.

New legislation effective September 1, 2009, further clarifies that an officer or employee of a political subdivision may not spend or authorize the spending of public funds for a communication describing a measure if the communication contains information that:

- (1) the officer or employee knows is false; and
- (2) is sufficiently substantial and important as to be reasonably likely to influence a voter for or against the measure.

To understand the practical significance of this prohibition, it is useful to look at some of the specific words and phrases used in the law.

“Political advertising” means

- (1) a communication supporting or opposing a candidate for nomination or election to a public office or office of a political party, a political party, a public officer, that: (A) in return for consideration, is published in a newspaper, magazine, or other periodical or is broadcast by radio or television; or (B) appears: (i) in a pamphlet, circular, flier, billboard or other sign, bumper sticker, or similar form of written communication; or (ii) on an Internet website; and
- (2) a communication that advocates passage or defeat of a measure, and that: (A) in return for consideration, is published in a newspaper, magazine, or other periodical or is broadcast by radio or television; or (B) appears: (i) in a pamphlet, circular, flier, billboard or other sign, bumper sticker, or similar form of written communication; or (ii) on an Internet website.

Newsletter of Public Officer of a Political Subdivision. The Ethics Commission adopted a rule providing guidelines for when a newsletter of a public officer of a political subdivision is not political advertising. Texas Ethics Commission Rule 26.2 provides as follows:

For purposes of section 255.003 of the Election Code, a newsletter of a public officer of a political subdivision is not political advertising if:

- (1) It includes no more than two pictures of a public officer per page and if the total amount of area covered by the pictures is no more than 20 percent of the page on which the pictures appear;
- (2) It includes no more than eight personally phrased references (such as the public officer’s name, “I”, “me”, “the city council member”) on a page that is 8 ½” x 11” or larger, with a reasonable reduction in the number of such personally phrased references in pages smaller than 8 ½” x 11”; and
- (3) When viewed as a whole and in the proper context:

- (A) is informational, educational, or promotional;
- (B) does not advocate passage or defeat of a measure; and
- (C) does not support or oppose a candidate for nomination or election to a public office or office of political party, a political party, or a public officer.

The prohibition applies to any **“officer or employee of a political subdivision.”** In other words, if an officer or employee of a political subdivision makes a decision to use political subdivision resources in violation of the prohibition, the employee could be fined by the Ethics Commission or held criminally liable. School board members, as “officers” of a school district, are also subject to the prohibition.

★ The prohibition applies to **“spending or authorizing the spending of public funds”** for political advertising. Not only does this mean that the political subdivision may not purchase or authorize the purchase of new materials for use in creating political advertising, it also means that a political subdivision would violate the prohibition by using existing paper and machinery to generate, display, or distribute political advertising.

Also, it is not permissible to use or authorize the use of the paid time of an employee of a political subdivision to create or distribute political advertising.

★ The prohibition does not apply to **“a communication that factually describes the purposes”** of a measure election. In other words, it is permissible to use the resources of a political subdivision to produce explanatory material about what is at stake in a measure election. However, the communication may not contain information that an officer or employee of a political subdivision knows is false. The information must not be sufficiently substantial and important, such that it would be reasonably likely to influence a voter to vote a certain way.

Violations of the law often occur because someone finds it irresistible to wrap up a factual explanation with a motivational slogan such as:

IT PAYS TO INVEST IN THE FUTURE.

or

IT'S TIME TO MOVE AHEAD.

Another common misstep is to include "calls to action" such as:

LET'S BUILD A BETTER CITY.

or

SHOW THAT YOU CARE ABOUT OUR FUTURE.

Remember: No matter how much factual information about the purposes of a measure election is in a communication, *any amount* of advocacy is impermissible.

★ A violation of the prohibition is a **Class A misdemeanor**. This means that a violation could lead to criminal prosecution. Also, the Ethics Commission has authority to impose fines for violations of section 255.003.

Another provision of the Texas Election Code prohibits an officer or employee of a political subdivision from using or authorizing the use of an internal mail system to distribute political advertising. An internal mail system is a system operated by a political subdivision to deliver written documents to its officers or employees. A violation of this prohibition could also lead to the imposition of fines by the Ethics Commission or to criminal prosecution.

Although you may not use political subdivision resources for political advertising, you are free to campaign for or against a proposition on your own time and with your own resources. If you do plan to become involved in a campaign, you should educate yourself about filing requirements and about the rules regarding disclosures on political advertising.

For purposes of section 255.003 of the Election Code, a newsletter of a public officer of a political subdivision is not political advertising if:

- (1) It includes no more than two pictures of a public officer per page and if the total amount of area covered by the pictures is no more than 20 percent of the page on which the pictures appear;
- (2) It includes no more than eight personally phrased references (such as the public officer's name, “I”, “me”, “the city council member”) on a page that is 8 ½” x 11” or larger, with a reasonable reduction in the number of such personally phrased references in pages smaller than 8 ½” x 11”; and
- (3) When viewed as a whole and in the proper context:
 - (A) is informational rather than self-promotional;
 - (B) does not advocate passage or defeat of a measure; and
 - (C) does not support or oppose a candidate for nomination or election to a public office or office of political party, a political party, or a public officer.

* The prohibition applies to any **“officer or employee of a political subdivision.”** In other words, if an officer or employee of a political subdivision makes a decision to use political subdivision resources in violation of the prohibition, the employee could be fined by the Ethics Commission or held criminally liable.

* The prohibition applies to **“spending or authorizing the spending of public funds”** for political advertising. Not only does this mean that the political subdivision may not purchase or authorize the purchase of new materials for use in creating political advertising, it also means that an officer or employee of a political subdivision would violate the prohibition by using existing paper and machinery to generate, display, or distribute political advertising.

Also, it is not permissible to use or authorize the use of the paid time of an employee of a political subdivision to create or distribute political advertising.

* The prohibition does not apply to **“a communication that factually describes the purposes”** of a measure election. In other words, it is permissible to use the resources of a political subdivision to produce explanatory material about what is at stake in a measure election. However, the communication may not contain information that an officer or employee of a political subdivision knows is false. The information

must not be sufficiently substantial and important, such that it would be reasonably likely to influence a voter to vote a certain way. Violations of the law often occur because someone finds it irresistible to wrap up a factual explanation with a motivational slogan such as:

IT PAYS TO INVEST IN THE FUTURE.

or

IT'S TIME TO MOVE AHEAD.

Another common misstep is to include "calls to action" such as:

LET'S BUILD A BETTER CITY.

or

SHOW THAT YOU CARE ABOUT OUR FUTURE.

Remember: No matter how much factual information about the purposes of a measure election is in a communication, *any amount* of advocacy is impermissible.

* A violation of the prohibition is a **Class A misdemeanor**. This means that a violation could lead to criminal prosecution. Also, the Ethics Commission has authority to impose fines for violations of section 255.003.

Another provision of the Texas Election Code prohibits an officer or employee of a political subdivision from using or authorizing the use of an internal mail system to distribute political advertising. An internal mail system is a system operated by a political subdivision to deliver written documents to its officers or employees. A violation of this prohibition could also lead to the imposition of fines by the Ethics Commission or to criminal prosecution.

Although you may not use political subdivision resources for political advertising, you are free to campaign for or against a proposition on your own time and with your own resources. If you do plan to become involved in a campaign, you should educate yourself about filing requirements and about the rules regarding disclosures on political advertising.

ORDINANCE NO. 2020-083

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF TEXARKANA, TEXAS, CALLING FOR A SPECIAL ELECTION TO BE HELD TUESDAY, NOVEMBER 3, 2020, FOR THE PURPOSE OF PRESENTING TO THE QUALIFIED VOTERS OF THE CITY OF TEXARKANA, TEXAS, A BALLOT MEASURE TO AMEND THE CITY CHARTER BY ADDING A NEW SECTION 17, TITLED "COLLECTIVE BARGAINING IMPASSE", UNDER ARTICLE XVII, "GENERAL PROVISIONS"; PROVIDING FOR BALLOT WORDING; PROVIDING FOR EARLY VOTING; AND ESTABLISHING AN EFFECTIVE DATE.

WHEREAS, on May 28, 2020, the Office of the City Secretary of the City of Texarkana, Texas, received a "Petition for Charter Amendment" from the President of the International Association of Fire Fighters, Local 367, submitted pursuant to Chapter 9 of the Texas Local Government Code, to require the City Council to order an election to amend the City Charter by adding the following to Article XVII, "General Provisions", of the City Charter:

Section 17. Collective Bargaining Impasse.

"If the City and the International Association of Fire Fighters, Local 367 have reached an impasse regarding the negotiation of a collective bargaining agreement, as determined by the Association through written notice to the City:

- (A) The Association, after written notice to the City containing specifications of the issues in dispute, may request arbitration and, in such event, the City and the Association shall submit all issues in dispute to arbitration within 45 days of the City's receipt of the Association's written arbitration request. The arbitration ruling shall be final, binding, and enforceable against both parties.
- (B) Both parties shall select one arbitrator within 15 days of the Association's original request to arbitrate and provide written notification to the other party of the name and contact information for the selected arbitrator. The selected arbitrators shall attempt to select a third (neutral) arbitrator within 10 days of their selection in order to form a three-person Arbitration Board. If the arbitrators are unable to agree on a third arbitrator, either party may request that the American Arbitration Association select the third arbitrator, according to its fair and regular procedures. The third arbitrator shall preside over the Board. Any decisions made by the Board at any stage of the arbitration process will be determined by simple majority vote of the selected arbitrators.
- (C) Arbitration shall be conducted by the City and the Association pursuant to the procedures, timelines, duties, requirements, and rights as set forth in Texas Local Government Code §§ 174.155, 174. 157-174.162, 174.J 64, and 174.253, or any successor to these statutory provisions.
- (D) In making its decision, the Board may consider only the following:
 - (1) compensation and conditions of employment that prevail in comparable public sector employment in other cities;
 - (2) the rate of increase or decrease in the cost of living for the Texarkana area as determined by the Consumer Price Index;

- (3) any of the following conditions:
 - (a) hazards of employment
 - (b) physical qualifications
 - (c) educational qualifications
 - (d) mental qualifications
 - (e) job training
 - (f) skills, and
 - (g) any other factors the Board determines to be relevant to the issues raised by the parties; and
- (4) revenues available to the City and the impact of any arbitration ruling on the taxpayers of the City.”; and

WHEREAS, according to law, “[t]he governing body shall submit a proposed charter amendment to the voters for their approval at an election if the submission is supported by a petition signed by a number of qualified voters of the municipality equal to at least five percent of the number of qualified voters of the municipality or 20,000, whichever number is the smaller”¹; and

WHEREAS, the Bowie County Elections Office provided the City Secretary with a voter registration list that contained the names of 22,640 voters; after subtracting – as required by law² – the suspense or “S” voters before calculating the number of signatures needed to validate a petition, the registered voter tally equaled 19,137; and applying the statutory five percent requirement, the number of signatures needed to validate a charter amendment petition required a threshold number of 956 valid signatures; and

WHEREAS, the City Secretary, as part of the validation process, reviewed 1,363 signatures submitted, validated a total of 1,169 signatures, and certified to the City Council during its regular meeting held on July 13, 2020, that the petition contained a sufficient number of validated signatures to meet the statutory requirements and must be submitted to the City’s voters on the November 3, 2020, ballot; and

WHEREAS, according to law, the City Council has no discretion to refuse this proposed amendment and must order an election on the proposed charter amendment submitted³; and

WHEREAS, according to law, notice of the election must be published in a newspaper of general circulation in the City on the same day in each of two successive weeks, with the first publication occurring before the 14th day before the date of the election, and the notice must include a substantial copy of the proposed amendment and an estimate of the anticipated fiscal impact to the City if the proposed amendment is approved at the election”⁴; and

WHEREAS, according to law, an officer or employee of the City may not spend or authorize the spending of public funds for political advertising, but this prohibition does not apply to a communication that factually describes the purposes of a measure if the communication does not advocate passage or defeat of the measure⁵; and

WHEREAS, according to law, although neither city employees nor the City Council may use City resources for political advertising to advocate for or against this proposed amendment, quoting from materials published by the Texas Ethics Commission, “you are free to campaign for or against a proposition on your own time and with your own resources”⁶; and

WHEREAS, the City Council finds and determines the following:

- i. The City Charter contains no provision which affords preferential treatment of employees of one city department over another;
- ii. City staff has never proposed, and the City Council has never proposed or deliberated, amending the City Charter to afford preferential treatment of employees of one city department over another;
- iii. City staff has never proposed, and the City Council has never proposed or deliberated, amending the City Charter to allow only the International Association of Fire Fighters, Local 367, to “force the city into binding arbitration for a new employment contract”⁷, since Texas law does not force either the City or Local 367 into binding arbitration;⁸
- iv. Considering the anticipated fiscal impact to the City if the proposed amendment is approved at the election, since the proposed amendment would establish an Arbitration Board to make decisions that the City Council cannot overrule or change, and given the unprecedented negative impact of a global pandemic on the City’s budget and financial resources, grave concerns exist whether a future arbitration award will negatively impact the City’s budget or appropriations, downgrade the City’s bond rating, and/or require the City Council to enact a tax increase, cut City services, or a combination of increasing taxes and cutting services;
- v. The City Council carrying out its duty required by law to order this election is not — and should not be construed as — a City Council endorsement of the proposed charter amendment or a reflection of the personal opinions of any councilmember; and
- vi. The City Council carrying out its duty required by law to order this election is not — and should not be construed as — a concession of the legal validity, if any, of the proposed amendment.

NOW, THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF TEXARKANA, TEXAS:

SECTION 1: An election is hereby called and ordered to be held in the City of Texarkana, Texas, at the respective voting places determined and set by Bowie County, Texas, on the 3rd day of November, 2020, for the purpose of submitting to the voters a ballot measure to vote “for” or “against” amending the City Charter of the City of Texarkana, Texas, by adding a new Section 17 under Article XVII, “General Provisions”, titled, “Collective Bargaining Impasse”, as set out in the aforementioned “Petition for Charter Amendment”.

SECTION 2: Within the time required for preparation and inclusion of the measure ordered in Section 1 of this Ordinance, the City Attorney shall prepare ballot wording as required by law and forward such to the Bowie County Elections Office.

SECTION 3: Within the time required for notice of the election ordered in Section 1 of this Ordinance, the City Manager or her designee shall include in the notice “an estimate of the

anticipated fiscal impact to the municipality if the proposed amendment is approved at the election” as required by law.⁹

SECTION 4: Early voting by personal appearance will be conducted beginning on **October 13, 2020** and ending on October 30, 2020, at the following locations: Bowie County Courthouse, 710 James Bowie Drive, New Boston, Texas; Southwest Center, 3222 West 7th Street, Texarkana, Texas; and Walnut Church of Christ, 2720 Moores Lane, Texarkana, Texas.

SECTION 5: The deadline for receipt of applications for mail ballot shall be at 5:00 p.m. on **October 23, 2020**, in the Bowie County Elections Office in accordance with Section 84.007 of the Texas Election Code. The deadline to receive ballots by mail shall be 7:00 p.m. on **November 3, 2020**, in the Bowie County Elections Office.

SECTION 6: In the event of any changes made by Bowie County, Texas, or the Governor of the State of Texas to the dates or deadlines set forth in this Ordinance or other law, then this Ordinance shall be deemed amended to conform with such changes.

SECTION 7: This ordinance shall be in full force and effect from and after its passage and approval.

PASSED AND APPROVED in Regular Council Session on this the **10th day of August, 2020**.

RE: Support for the Courthouse Square Connections Project

To All Whom It May Concern

The Texarkana USA Regional Chamber of Commerce wishes to express our support for the implementation of the Courthouse Square Connections Project. An initiative of the Chamber of Commerce, it has been an ongoing effort of continuous investigation with input from many individuals. As you are aware, the courthouse is a focal point for not only local citizens but for domestic and international visitors. This project establishes a strong and forward vision for our community and the downtown area.

The uniqueness of this courthouse is evident by its location resting upon the state line of Arkansas and Texas. The location and the project offers an indication of two states working together. It demonstrates cooperation and collaboration to which our community has great pride. The bringing together of community leaders from both sides of the state line further emphasizes these points and sets an example for other communities to follow.

The project is more than just a building, it is an indication of our communities' commitment to our visitors, and local residents through a cohesive vision for pedestrian mobility and downtown enhancement. It is an icon of how communities, states, organizations and citizens can work together.

The Texarkana USA Regional Chamber continues its work to assist and partner with our governmental bodies, local organizations, and citizens to provide statements of community pride and cooperation. This project brings additional attention to the many positive projects occurring in our downtown business area and raising the awareness of our community.

We have and continue to see the many benefits of our landmarks as they contributes to the economic growth by marketing the community as an appealing place to live, visit and conduct business. The courthouse is an integral part of our unique community. Greater Texarkana will continue to grow. We look forward to your continued support for this project as we proceed with the downtown renewal to generate additional businesses and residents.

Once again, let me express our strong support and encouragement for this project. It is an asset to our community and we are proud of it. After all, WE ARE TEXARKANA!

Sincerely,

Michael Malone, IOM, CCE
President

Do not use Bahiagrass.

Use broadcast seeding for temporary erosion control, when and as directed.

Use additional temporary seeding if permanent seeding is placed outside the optimum growing season shown for this item, if directed.

ITEM 360: Concrete Pavement

Briefing Sheet

Version:

Update Date: 8/7/2020 2:18 PM

Lead Department: City Manager **Action Officer:** Jennifer Evans, City Secretary
Resolution No. 2020-086 approving a Memorandum of Agreement and Project
Management Plan with the Department of the Army and authorizing funding for
an environmental and cultural resources study necessary to begin the
implementation of the City's Ultimate Rule Curve Contract for water storage in
Subject: Lake Wright Patman.

Briefing: 8/10/2020 **Public Hearing:** **Council Vote:** 8/10/2020

Item Schedule

Updates/History of Briefing:

The City of Texarkana, Texas, entered into contracts with the United States Government back in 1968 for water storage space and the operation of Wright Patman Lake at an interim level (Contract No. DACW29-69-C-0019) and a permanent level (Contract No. DACW29-68-A-0103 or "Ultimate Rule Curve Contract").

The City and the U.S. Government agreed in the Ultimate Rule Curve Contract that Wright Patman Lake should operate under the Ultimate Rule Curve after the occurrence of deliberate impoundment and operation of Cooper Reservoir (now known as Jim Chapman Lake), which did not occur until September 1991.

Because the National Environmental Policy Act (NEPA) was enacted after the Ultimate Rule Curve Contract was signed but before it went into operation, the U.S. Army Corps of Engineers ("the Corps") is obligated to complete NEPA compliance measures before changing operations in Wright Patman Lake of reallocating flood storage to water supply under the Ultimate Rule Curve Contract.

NEPA compliance measures begin with a study to identify environmental and cultural impacts to Wright Patman Lake resulting from implementation of the Ultimate Rule Curve Contract (the "Study") and any mitigation measures that may be necessary for such implementation.

Executive Summary and Background Information:

Previously by Ordinance No. 2019-032, and pursuant to Article III, Sec. 4, Subsection (j) of the City Charter, the City Council identified the powers and duties of the City Manager to include taking any and all action within budgeted parameters to implement the Ultimate Rule Curve Contract and the Council's strategy for utilization of Wright Patman Lake;

City of Texarkana, Texas

This Resolution will start the Study with the Corp to identify environmental and cultural impacts to Wright Patman Lake and also identify any mitigation measures that may be necessary for such implementation of the Ultimate Rule Curve.

Since the Corp does not have federal funding available to complete the study, a Memorandum of Agreement (**Exhibit 'A'**) will provide for contributed funds to perform the Study at an estimated cost of \$2,318,380, and the Corp has developed a "Project Management Plan" (**Exhibit 'B'**).

This Resolution will also provide the City Manager additional authority as follows:

- To pay, upon written request by the Corps, advance funding in an amount not to exceed \$75,000.00 for the preliminary phase of the Study detailed in **Exhibit 'C'**;
- To execute any and all documents as may be necessary to implement the intent of the City and Riverbend for payment of the remaining \$2,243,380 balance of the estimated cost of the Study from the proceeds of Riverbend's \$200 million multi-year financing approved by the Texas Water Development Board on August 5, 2020;
- To expend such funds as necessary from the Corps Cost Fund to pay the remaining balance of the estimated cost of the Study in the unlikely event such funds are unavailable at the time full payment for the Study is due.

Potential Options:

- approve
- deny
- amend

Fiscal Implications:

Contributed funds to perform the Study at an estimated cost of \$2,318,380.

- Advance funding in the amount of \$75,000 promptly to begin a preliminary phase of the Study (funded from the TWU Corps Cost Fund).
- The remaining \$2,243,380 balance of the estimated cost of the Study will be paid from the proceeds of Riverbend's multi-year financing approved by the Texas Water Development Board.

RESOLUTION NO. 2020-086

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF TEXARKANA, TEXAS, APPROVING A MEMORANDUM OF AGREEMENT WITH THE DEPARTMENT OF THE ARMY AND AUTHORIZING FUNDING FOR AN ENVIRONMENTAL AND CULTURAL RESOURCES STUDY NECESSARY TO BEGIN THE PROCESS OF IMPLEMENTING THE CITY'S ULTIMATE RULE CURVE CONTRACT FOR WATER STORAGE IN LAKE WRIGHT PATMAN; APPROVING A PROJECT MANAGEMENT PLAN DESCRIBING THE LEGAL AND OPERATIONAL PLAN TO IMPLEMENT THE CITY'S ULTIMATE RULE CURVE CONTRACT; AND ESTABLISHING AN EFFECTIVE DATE.

WHEREAS, the City of Texarkana, Texas, has contracts with the United States Government entered into in 1968 for water storage space and the operation of Wright Patman Lake at an interim level (Contract No. DACW29-69-C-0019) and a permanent level (Contract No. DACW29-68-A-0103 or "Ultimate Rule Curve Contract"); and

WHEREAS, the City and the U.S. Government agreed in the Ultimate Rule Curve Contract that Wright Patman Lake should operate under the Ultimate Rule Curve after the occurrence of deliberate impoundment and operation of Cooper Reservoir (now known as Jim Chapman Lake), which did not occur until September 1991; and

WHEREAS, because the National Environmental Policy Act (NEPA) was enacted after the Ultimate Rule Curve Contract was signed but before it has gone into operation, the U.S. Army Corps of Engineers ("the Corps") is obligated to complete NEPA compliance measures before changing operations in Wright Patman Lake of reallocating flood storage to water supply under the Ultimate Rule Curve Contract; and

WHEREAS, NEPA compliance measures begin with a study to identify environmental and cultural impacts to Wright Patman Lake resulting from implementation of the Ultimate Rule Curve Contract (the "Study") and any mitigation measures that may be necessary for such implementation; and

WHEREAS, although the Study may be funded at upfront Federal expense and repaid by the City following implementation of the Ultimate Rule Curve Contract, no Federal funds are available to fund the Study; and

WHEREAS, Section 1229 of America's Water Infrastructure Act of 2018 requires the Secretary of the Army to submit to Congress a report on the status of the implementation of the Ultimate Rule Curve Contract that describes the implementation of that contract at Wright Patman Lake, identifying the activities that the Secretary expects to be necessary to complete the execution of the contract, the expected completion dates, respectively, for each activity so identified by the Secretary, and the expected date of completion of execution of the contract; and

WHEREAS, with no Federal funds available to fund the Study, the Corps informed the City Manager that the Corps is now authorized to receive and expend funds voluntarily contributed to perform the Study, submitted an administratively-approved Memorandum of Agreement (**Exhibit ‘A’** to this Resolution, attached hereto and incorporated herein by reference for all purposes) to provide for contributed funds to perform the Study at an estimated cost of \$2,318,380.00, and developed a “Project Management Plan” (**Exhibit ‘B’** to this Resolution, attached hereto and incorporated herein by reference for all purposes) which describes the legal and operational plan to implement the Ultimate Rule Curve Contract; and

WHEREAS, funding of the Study has been included within the “Planned Improvements” as detailed in the Water Distribution and Supply Contract between the City and Riverbend Water Resources District (approved by Resolution No. 2020-059), and the Texas Water Development Board has approved Riverbend’s request and application for up to \$200 million in multi-year financing through the Drinking Water State Revolving Fund to finance the “Planned Improvements”; and

WHEREAS, the Corps proposes that the City advance funding in the amount of \$75,000.00 promptly to begin a preliminary phase of the Study, such amount allocated to certain tasks and milestones (**Exhibit ‘C’** to this resolution, attached hereto incorporated herein by reference for all purposes), and it is the intent of the City and Riverbend that the remaining \$2,243,380.00 balance of the estimated cost of the Study will be paid from the proceeds of Riverbend’s multi-year financing approved by the Texas Water Development Board; and

WHEREAS, by Ordinance No. 2019-032, and pursuant to article III, section 4, subsection (j) of the City Charter, the City Council identified the powers and duties of the City Manager to include taking any and all action within budgeted parameters to implement the Ultimate Rule Curve Contract and the Council’s strategy for utilization of Wright Patman Lake; and

WHEREAS, while the final cost to the City to implement the Ultimate Rule Curve Contract has not yet been determined and the estimated cost of the Study does not include any mitigation measures that may be necessary for implementation of the Ultimate Rule Curve Contract, the City Council finds and determines that the City’s interest in implementing the Ultimate Rule Curve Contract will be best served by approving the Memorandum of Agreement, authorizing the City Manager to expend advance funding of \$75,000.00 from monies in the City’s Corps of Engineers Cost Fund (“the Corps Cost Fund”) to pay for such implementation, to execute any and all documents as may be necessary to implement the intent of the City and Riverbend for payment of the remaining \$2,243,380.00 balance of the estimated cost of the Study from the proceeds of Riverbend’s \$200 million multi-year financing approved by the Texas Water Development Board, and in the unlikely event such funds are unavailable at the time full payment of the Study is due, to expend such funds as necessary from the Corps Cost Fund to pay the remaining balance of the estimated cost of the Study.

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF TEXARKANA, TEXAS:

SECTION 1. The City Council hereby approves the Memorandum of Agreement (**Exhibit ‘A’**) and authorizes the City Manager to execute the agreement on behalf of the City. Further, the City Council authorizes the City Manager to execute the “Certification Regarding Lobbying” and the City Attorney to execute the “Certificate of Authority” contained within the agreement.

SECTION 2. The City Council hereby approves the Project Management Plan (**Exhibit ‘B’**) and authorizes the City Manager and City Attorney to sign the plan on behalf of the City. The City Council also requests and endorses the signing of the plan by Riverbend Water Resources District, as agent for the City, through its Chief Executive Officer.

SECTION 3. The City Manager shall have additional authority as follows: (i) to pay, upon written request by the Corps, advance funding in an amount not to exceed \$75,000.00 for the preliminary phase of the Study detailed in **Exhibit ‘C’**; (ii) to execute any and all documents as may be necessary to implement the intent of the City and Riverbend for payment of the remaining \$2,243,380.00 balance of the estimated cost of the Study from the proceeds of Riverbend’s \$200 million multi-year financing approved by the Texas Water Development Board; and (iii) in the unlikely event such funds are unavailable at the time full payment for the Study is due, to expend such funds as necessary from the Corps Cost Fund to pay the remaining balance of the estimated cost of the Study. The City Manager shall bring to the Council at an appropriate time any budget amendments, if needed, to effectuate the purposes and intent of this resolution.

SECTION 4: This Resolution shall be in full force and effect from and after its passage and approval.

Wright Patman Contributed Funds Agreement (Clean) 7.17.2020.docx

1.0 General Scope

The Corps and the City of Texarkana agreed in Contract No. DACW29-68-A-0103 that Wright Patman should operate under the Ultimate Rule Curve after Cooper Reservoir was operational. Due initially to the delays in completing Jim Chapman, Wright Patman has continued to operate under the Interim Contract. Because the National Environmental Policy Act (NEPA) was enacted after the Ultimate Contract was signed but before it was scheduled to go into operation, the Corps is obligated to complete NEPA compliance before changing operations. Any change in operations affecting pool levels will require an Environmental Assessment (EA) to be completed before the reallocation of flood storage can be implemented. If the change is shown to have significant environmental impacts, a detailed Environmental Impact Statement (EIS) will be required.

Additionally, a number of archaeological sites have been identified through numerous cultural resource surveys at Wright Patman. Some have undergone National Register of Historic Places (NRHP) eligibility evaluations while others have not. SWF Operations Division (OD) archaeologists have produced a cultural resources map that show the known archaeological sites that would be impacted by an elevation up to 230 feet.

1.1 Project Tasks

Hydrology

Responsible for coordination between Water Management, operations, and technical PDT members in establishing requested elevations for cultural investigations. Develop contingency plans for lowering Lake Levels if required. Provide continual updates for lake elevations during entire project timeline until completion.

Operations Division

Additionally, a number of archaeological sites have been identified through numerous cultural resource surveys at Wright Patman. Some have undergone National Register of Historic Places (NRHP) eligibility evaluations while others have not. SWF Operations Division (OD) archaeologists have produced a cultural resources map that show the known archaeological sites that would be impacted by an elevation up to 230 feet.

Planning Programs and Project Management

Work with PDT members and the Water supply contract holder to assure early identification of issues, which may impact study scope, quality, cost, budget, and schedule, and either facilitate resolution of the issues or elevate them to the appropriate decision-making level.

Prepare required upward reporting documents and those required by the Project Sponsor.

Coordinate with the Project Sponsor to ensure their understanding of local cost-sharing requirements, to update them on the implementation progress, to review and monitor compliance with commitments, and to participate in resolution of implementation issues with them.

Resource Management

An analysis of the costs for implementing the URC indicates that there are no benefits or revenues foregone due to these water storage agreements nor are updated cost of storage utilized since the City's responsibility is specified in the End State Water Supply Contract. The effective average storage available to the City of Texarkana is approximately 139,320 acre feet or 5.39 percent of the total storage in Wright Patman. The estimated cost, including interest during construction, of the storage space for municipal and industrial water supply use will be confirmed in the development of the End State Water Supply.

Sponsor

Representatives will be responsible for communicating expectations and working with other members of the PDT to solidify requirements. Develop with PDT members Contributed Funds Agreement CFA. Provide Funding in the amount negotiated on time and as scheduled.

Cultural Resources

The recommended course of action is to take a phased approach to complete cultural resources efforts under NEPA and Section 106 of the NHPA. The following steps are seen as accomplishing this and include:

- Determine the Area of Potential Effects in consultation with the TX State Historic Preservation Officer, the Caddo Nation, and other appropriate federally recognized tribes.
- Update existing conditions based on Ops surveys/NRHP eligibility determinations made since 2015. Current estimate is ~80 previously recorded sites whose eligibility are Undetermined and require Phase II Testing.
- Develop an Independent Government Estimate (IGE) to complete Phase I Survey of the Area of Potential Effect (APE) AND Phase II Testing of ~80 previously recorded sites and any new sites identified during Phase I effort.
- Award Task Order to complete Phase I Survey and Phase II Testing

Results of Phase II Testing will allow USACE to develop a mitigation strategy and a Memorandum of Agreement in consultation with the sponsor, agencies, Caddo Nation, etc. Mitigation strategies may include Phase III Data Recovery, preservation in place, relocation of human remains, alternative mitigation, or some combination of these as determined appropriate to resolve adverse effects in accordance with 36 CFR 800.6.

Environmental Studies

Identify and describe action/no action alternatives and environmental consequence, including cumulative impacts. Provide Habitat evaluation analysis in cooperation with the USFWS and other agencies to develop an appropriate, justifiable environmental mitigation and monitoring and adaptive management plan, if applicable. Prepare Environmental Assessment, including a 404(b)(1) analysis and 401 State Water Quality analysis, if applicable. Coordinate with USFWS in regards to the FWS Coordination Act Report (CAR). Prepare the CAR on their behalf, if applicable. Conduct National Environmental Compliance Act required public scoping with state and Federal resource agencies.

Plan Formulation

Will be responsible for guiding the PDT through the various planning steps necessary or successful study completion. Provide documentation and information from previous investigations. Assist in the development of Cultural and Environmental surveys where requested.

Habitat evaluation analysis in cooperation with the USFWS and other agencies to develop an appropriate, justifiable environmental mitigation and monitoring and adaptive management plan, if applicable. Conduct NEPA-required public scoping with state and Federal resource agencies.

Cultural:

The recommended course of action is to take a phased approach to complete cultural resources efforts under NEPA and Section 106 of the NHPA. The following steps are seen as accomplishing this and include:

- Determine the Area of Potential Effects in consultation with the TX State Historic Preservation Officer, the Caddo Nation, and other appropriate federally recognized tribes.
 - Update existing conditions based on Ops surveys/NRHP eligibility determinations made since 2015.
- Current estimate is ~80 previously recorded sites whose eligibility are Undetermined and require Phase II Testing.

HTRW Lead:

Provide preliminary assessment (PA) of project site. The PA is the initial evaluation of a potential environmental program site. The purposes of the PA are to determine if a hazardous condition exists, whether there is risk to human health and the environment, if there is a need for immediate removal, and if there is a need for additional study. The PA is completed with readily available information gained from visual site inspection, reviews of records, interviews with site personnel, and so forth.

3.0 Critical Assumptions and Constraints

3.1 Critical Assumptions

Sponsor is responsible for 100% implementation costs and will provide funding on time. Current costs assume Cultural Implementation will be completed within a phased approach. Caddo Nation tribe representatives are available for consultations. The lowest lake levels at Wright Patman occur during the months of November thru March.

3.2 Critical Constraints

Lake Levels have historically been above elevation 230.
Funding is dependent on non federal Agency

WHEREAS, the City of Texarkana, Texas, has contracts with the United States Government entered into in 1968 for water storage space and the operation of Wright Patman Lake at an interim level (Contract No. DACW29-69-C-0019) and a permanent level (Contract No. DACW29-68-A-0103 or "Ultimate Rule Curve Contract"); and

WHEREAS, the City and the U.S. Government agreed in the Ultimate Rule Curve Contract that Wright Patman Lake should operate under the Ultimate Rule Curve after the occurrence of deliberate impoundment and operation of Cooper Reservoir (now known as Jim Chapman Lake), which did not occur until September 1991; and

WHEREAS, because the National Environmental Policy Act (NEPA) was enacted after the Ultimate Rule Curve Contract was signed but before it has gone into operation, the U.S. Army Corps of Engineers ("the Corps") is obligated to complete NEPA compliance measures before changing operations in Wright Patman Lake of reallocating flood storage to water supply under the Ultimate Rule Curve Contract; and

WHEREAS, NEPA compliance measures begin with a study to identify environmental and cultural impacts to Wright Patman Lake resulting from implementation of the Ultimate Rule Curve Contract (the "Study") and any mitigation measures that may be necessary for such implementation; and

WHEREAS, although the Study may be funded at upfront Federal expense and repaid by the City following implementation of the Ultimate Rule Curve Contract, no Federal funds are available to fund the Study; and

WHEREAS, Section 1229 of America's Water Infrastructure Act of 2018 requires the Secretary of the Army to submit to Congress a report on the status of the implementation of the Ultimate Rule Curve Contract that describes the implementation of that contract at Wright Patman Lake, identifying the activities that the Secretary expects to be necessary to complete the execution of the contract, the expected completion dates, respectively, for each activity so identified by the Secretary, and the expected date of completion of execution of the contract; and

WHEREAS, with no Federal funds available to fund the Study, the Corps informed the City Manager that the Corps is now authorized to receive and expend funds voluntarily contributed to perform the Study, submitted an administratively-approved Memorandum of Agreement (**Exhibit 'A'** to this Resolution, attached hereto and incorporated herein by reference for all purposes) to provide for contributed funds to perform the Study at an estimated cost of \$2,318,380.00, and developed a "Project Management Plan" (**Exhibit 'B'** to this Resolution, attached hereto and incorporated herein by reference for all purposes) which describes the legal and operational plan to implement the Ultimate Rule Curve Contract; and

WHEREAS, funding of the Study has been included within the "Planned Improvements" as detailed in the Water Distribution and Supply Contract between the City and Riverbend Water Resources District (approved by Resolution No. 2020-059), and the Texas Water Development Board has approved Riverbend's request and application for up to \$200 million in multi-year financing through the Drinking Water State Revolving Fund to finance the "Planned Improvements"; and

WHEREAS, the Corps proposes that the City advance funding in the amount of \$75,000.00 promptly to begin a preliminary phase of the Study, such amount allocated to certain tasks and milestones (**Exhibit 'C'** to this resolution, attached hereto incorporated herein by reference for all purposes), and it is the intent of the City and Riverbend that the remaining \$2,243,380.00 balance of the estimated cost of the Study will be paid from the proceeds of Riverbend's multi-year financing approved by the Texas Water Development Board; and

WHEREAS, by Ordinance No. 2019-032, and pursuant to article III, section 4, subsection (j) of the City Charter, the City Council identified the powers and duties of the City Manager to include taking any and all action within budgeted parameters to implement the Ultimate Rule Curve Contract and the Council's strategy for utilization of Wright Patman Lake; and

WHEREAS, while the final cost to the City to implement the Ultimate Rule Curve Contract has not yet been determined and the estimated cost of the Study does not include any mitigation measures that may be necessary for implementation of the Ultimate Rule Curve Contract, the City Council finds and determines that the City's interest in implementing the Ultimate Rule Curve Contract will be best served by approving the Memorandum of Agreement, authorizing the City Manager to expend advance funding of \$75,000.00 from monies in the City's Corps of Engineers Cost Fund ("the Corps Cost Fund") to pay for such implementation, to execute any and all documents as may be necessary to implement the intent of the City and Riverbend for payment of the remaining \$2,243,380.00 balance of the estimated cost of the Study from the proceeds of Riverbend's \$200 million multi-year financing approved by the Texas Water Development Board, and in the unlikely event such funds are unavailable at the time full payment of the Study is due, to expend such funds as necessary from the Corps Cost Fund to pay the remaining balance of the estimated cost of the Study.

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF TEXARKANA, TEXAS:

SECTION 1. The City Council hereby approves the Memorandum of Agreement (**Exhibit 'A'**) and authorizes the City Manager to execute the agreement on behalf of the City. Further, the City Council authorizes the City Manager to execute the "Certification Regarding Lobbying" and the City Attorney to execute the "Certificate of Authority" contained within the agreement.

SECTION 2. The City Council hereby approves the Project Management Plan (**Exhibit 'B'**) and authorizes the City Manager and City Attorney to sign the plan on behalf of the City. The City Council also requests and endorses the signing of the plan by Riverbend Water Resources District, as agent for the City, through its Chief Executive Officer.

SECTION 3. The City Manager shall have additional authority as follows: (i) to pay, upon written request by the Corps, advance funding in an amount not to exceed \$75,000.00 for the preliminary phase of the Study detailed in **Exhibit 'C'**; (ii) to execute any and all documents as may be necessary to implement the intent of the City and Riverbend for payment of the remaining \$2,243,380.00 balance of the estimated cost of the Study from the proceeds of Riverbend's \$200 million multi-year financing approved by the Texas Water Development Board; and (iii) in the unlikely event such funds are unavailable at the time full payment for the Study is due, to expend such funds as necessary from the Corps Cost Fund to pay the remaining balance of the estimated cost of the Study. The City Manager shall bring to the Council at an appropriate time any budget amendments, if needed, to effectuate the purposes and intent of this resolution.

SECTION 4: This Resolution shall be in full force and effect from and after its passage and approval.

5.0 Funding/Resources

Wright Patman Contributed Funds Agreement (Clean) 7.17.2020.docx

1.0 General Scope

The Corps and the City of Texarkana agreed in Contract No. DACW29-68-A-0103 that Wright Patman should operate under the Ultimate Rule Curve after Cooper Reservoir was operational. Due initially to the delays in completing Jim Chapman, Wright Patman has continued to operate under the Interim Contract. Because the National Environmental Policy Act (NEPA) was enacted after the Ultimate Contract was signed but before it was scheduled to go into operation, the Corps is obligated to complete NEPA compliance before changing operations. Any change in operations affecting pool levels will require an Environmental Assessment (EA) to be completed before the reallocation of flood storage can be implemented. If the change is shown to have significant environmental impacts, a detailed Environmental Impact Statement (EIS) will be required.

Additionally, a number of archaeological sites have been identified through numerous cultural resource surveys at Wright Patman. Some have undergone National Register of Historic Places (NRHP) eligibility evaluations while others have not. SWF Operations Division (OD) archaeologists have produced a cultural resources map that show the known archaeological sites that would be impacted by an elevation up to 230 feet.

1.1 Project Tasks

Hydrology

Responsible for coordination between Water Management, operations, and technical PDT members in establishing requested elevations for cultural investigations. Develop contingency plans for lowering Lake Levels if required. Provide continual updates for lake elevations during entire project timeline until completion.

Operations Division

Additionally, a number of archaeological sites have been identified through numerous cultural resource surveys at Wright Patman. Some have undergone National Register of Historic Places (NRHP) eligibility evaluations while others have not. SWF Operations Division (OD) archaeologists have produced a cultural resources map that show the known archaeological sites that would be impacted by an elevation up to 230 feet.

Planning Programs and Project Management

Work with PDT members and the Water supply contract holder to assure early identification of issues, which may impact study scope, quality, cost, budget, and schedule, and either facilitate resolution of the issues or elevate them to the appropriate decision-making level.

Prepare required upward reporting documents and those required by the Project Sponsor.

Coordinate with the Project Sponsor to ensure their understanding of local cost-sharing requirements, to update them on the implementation progress, to review and monitor compliance with commitments, and to participate in resolution of implementation issues with them.

Resource Management

An analysis of the costs for implementing the URC indicates that there are no benefits or revenues foregone due to these water storage agreements nor are updated cost of storage utilized since the City's responsibility is specified in the End State Water Supply Contract. The effective average storage available to the City of Texarkana is approximately 139,320 acre feet or 5.39 percent of the total storage in Wright Patman. The estimated cost, including interest during construction, of the storage space for municipal and industrial water supply use will be confirmed in the development of the End State Water Supply.

Sponsor

Representatives will be responsible for communicating expectations and working with other members of the PDT to solidify requirements. Develop with PDT members Contributed Funds Agreement CFA. Provide Funding in the amount negotiated on time and as scheduled.

Cultural Resources

The recommended course of action is to take a phased approach to complete cultural resources efforts under NEPA and Section 106 of the NHPA. The following steps are seen as accomplishing this and include:

- Determine the Area of Potential Effects in consultation with the TX State Historic Preservation Officer, the Caddo Nation, and other appropriate federally recognized tribes.
- Update existing conditions based on Ops surveys/NRHP eligibility determinations made since 2015. Current estimate is ~80 previously recorded sites whose eligibility are Undetermined and require Phase II Testing.
- Develop an Independent Government Estimate (IGE) to complete Phase I Survey of the Area of Potential Effect (APE) AND Phase II Testing of ~80 previously recorded sites and any new sites identified during Phase I effort.
- Award Task Order to complete Phase I Survey and Phase II Testing

Results of Phase II Testing will allow USACE to develop a mitigation strategy and a Memorandum of Agreement in consultation with the sponsor, agencies, Caddo Nation, etc. Mitigation strategies may include Phase III Data Recovery, preservation in place, relocation of human remains, alternative mitigation, or some combination of these as determined appropriate to resolve adverse effects in accordance with 36 CFR 800.6.

Environmental Studies

Identify and describe action/no action alternatives and environmental consequence, including cumulative impacts. Provide Habitat evaluation analysis in cooperation with the USFWS and other agencies to develop an appropriate, justifiable environmental mitigation and monitoring and adaptive management plan, if applicable. Prepare Environmental Assessment, including a 404(b)(1) analysis and 401 State Water Quality analysis, if applicable. Coordinate with USFWS in regards to the FWS Coordination Act Report (CAR). Prepare the CAR on their behalf, if applicable. Conduct National Environmental Compliance Act required public scoping with state and Federal resource agencies.

Plan Formulation

Will be responsible for guiding the PDT through the various planning steps necessary or successful study completion. Provide documentation and information from previous investigations. Assist in the development of Cultural and Environmental surveys where requested.

Misc. / Other

Program Analyst:

Assists the Project Manager (PM) in the management of budgets and milestones from signing of Contributed Funds Agreement (CFA) through surveys and document deliverables required by Cultural and Environmental PDT Leads.

HTRW Lead:

Provide preliminary assessment (PA) of project site. The PA is the initial evaluation of a potential environmental program site. The purposes of the PA are to determine if a hazardous condition exists, whether there is risk to human health and the environment, if there is a need for immediate removal, and if there is a need for additional study. The PA is completed with readily available information gained from visual site inspection, reviews of records, interviews with site personnel, and so forth.

The charter requires the City Council to approve the calendar that sets the schedule for preparing and adopting the City's annual operating budget for the next fiscal cycle that will begin October 1, 2020 and end September 30, 2021. The calendar is established to allow adequate time for budget planning and meet all legal requirements for public notice and input. Originally, the budget calendar was approved on April 27, 2020 by the Council. However, to meet all mandatory timelines required by state law, the calendar needs to be amended to move the public hearing on the tax rate to September 14th instead of August 24th. The budget workshop with City Council has also been changed to show 5:00 instead of 5:30.

Executive Summary and Background Information:

The proposed budget for the fiscal year ending September 30, 2021 includes a proposed tax rate of \$0.7000 per \$100 of assessed valuation. This rate is equivalent to the current property tax rate. No increase in the property tax rate is proposed.

The proposed rate exceeds the no-new revenue tax rate of \$0.6853 by \$0.0147 and is less than the voter-approval tax rate of \$0.7260 by \$0.0260. A public hearing on the tax rate will be held on September 14, 2020, with a vote to adopt the budget and the tax rate for fiscal year 2021 scheduled for that same evening.

The City is required to give public notice regarding the September 14, 2020 public hearing with an ad in the local newspaper and a posting on the City's website. The format for the ad is provided by the State. State law now requires the Council to have a roll call vote to propose the tax rate prior to the ad being published.

This vote is only to propose the tax rate, not to adopt it. Council will then be required to give a roll call vote on September 14, 2020 to formally adopt the tax rate after the public hearing has been held.

Potential Options:

- Approve
- Deny

Fiscal Implications:

This resolution is for Council to approve the proposal of the tax rate. There will be no fiscal implications until Council votes to formally adopt the tax rate.

Executive Summary and Background Information:

S-720: This is a request by Bill King, owner, and Amy Yancey, agent, for a Specific Use Permit to allow the location of a permanent cosmetics/microblading business in a tenant space on a portion of an approximate 1.757-acre tract of land in the George Brinlee HRS, A-18, located at 4150 McKnight Road.

The adjacent zoning is Office to the north and west and PD-Neighborhood Service to the east and south. The adjacent land usage is vacant land to the north and west and tenant spaces in a strip center to the south and east.

This property is zoned PD-Neighborhood Service (PD-NS). A Specific Use Permit is required to allow the one additional use of a permanent cosmetics/microblading business which is also considered a "tattoo" per the City's Zoning Ordinance. The State of Texas will regulate this business as to licensing and other health related issues. Several medical facilities and hair salons are now offering this type service for clients.

If this request is approved, staff would suggest the following stipulations be placed in the Ordinance:

1. That the owner/or any employee performing the application of permanent cosmetics/microblading procedures be currently licensed by the State and meet all Federal, State and City licensing laws and health regulations. (A copy of the current license must be provided to the City prior to the opening of the business).
2. That the Specific Use Permit be intended for the application of permanent cosmetics/microblading only.
3. That if this use ever ceases to exist at this location, the City may automatically revoke the Specific Use Permit.

City of Texarkana, Texas

This request meets all city requirements to allow this one additional use on this property. There should be adequate parking for this business. Therefore, staff recommends for approval of the request.

Executive Summary and Background Information:

Z-20-7: This is a request by Roy Kim Butler, owner, to rezone Lot 14, Block 22, City Improvement Co. Westside, located at 1628 W 5th Street from Multi Family-1 to Single Family-3. The proposed use is a new single wide HUD code manufactured home. This property is currently vacant land.

The adjacent zoning is Multiple Family-1 to the north, south, east and west. The adjacent land uses are residences to the north, south, east and west.

There is a tract of land located in the area two blocks to the west across Lake Drive that is currently zoned Single Family-3. This type housing could be a revitalization housing alternative to traditional site-built homes. Staff recommends for approval of this request.

The applicant should also be aware that if this zoning change is approved, all other applicable city code/ordinance requirements must be met including but not limited to building codes, setbacks, subdivision, fire, parking, drainage, water and sewer prior to the issuance of building permits.

Executive Summary and Background Information:

Z-20-8: This is a request by Timothy Williams, owner, to rezone an approximate 7.731-acre tract of land (Tracts 48 & 49) in the R.E. Sevey HRS, A-523, located at 2208 Allen Lane from Single Family-2 to Single Family-3. This property is currently vacant land.

The adjacent zoning is Single Family-2 to the north and west and Single Family-1 to the south and east. The adjacent land use is vacant land to the west and residences to the north, south, and east.

The City's Zoning Ordinance was amended to comply with the state law in 2002, requiring that all manufactured housing be HUD code building standard. This amendment also stipulated that all HUD code manufactured homes inside the city limits be placed in the Single Family-3 zoning district along with the approval of a Specific Use Permit.

There are a couple of tracts of land located in this immediate area that are currently zoned Single Family-3. HUD code double wide manufactured housing looks like some of the existing frame pier and beam houses in the area. This type housing could also be a revitalization housing alternative to traditional site-built homes. Therefore, staff recommends for approval of this request.

The applicant should also be aware that if this zoning change is approved, all other applicable city code/ordinance requirements must be met including but not limited to building codes, setbacks, subdivision, fire, parking, drainage, water and sewer prior to the issuance of building permits.

All notification and application requirements have been met to consider this request.

Updates/History of Briefing:

"NOT APPLICABLE"

Executive Summary and Background Information:

Z-20-9: This is a request by Jerry L. Thompson, owner, to rezone the north 88' of Lots 11 and 12, Block 7, Watt's Addition, located at 1310 Milam Street from Multiple Family-1 to Neighborhood Service. The current use is a small grocery store.

The adjacent zoning is Neighborhood Service to the north and south, Multiple Family-1 to the east and Single Family-2 to the west. The adjacent land use is a church to the north, a small take-out restaurant to the south, and residences to the east and west.

The existing grocery store type use has been in existence off and on for many years and is "grandfathered in" or a nonconforming use. The owner of this property recently submitted a request to add the sale of beer and wine in this store. In verifying the zoning for the sale of beer and wine, staff determined the business was operating with a nonconforming status. In order to make this use conforming, the applicant submitted a request for rezoning to the Neighborhood Service zoning district.

There is Neighborhood Service zoning to the north and south of this property and this grocery store type business has been operating as a nonconforming use for many years. Therefore, staff recommends for approval of the request to make it a conforming use.

The applicant should be aware that if this rezoning is approved, there may be additional applicable city code/ordinance requirements including but not limited to building, elevations, fire, drainage, water and sewer prior to the issuance of building permits.

All notification and application requirements have been met to consider this request.

Executive Summary and Background Information:

S-723: This is a request for a Specific Use Permit by Kyle Davis, BL-KD Investments, LLC and BOCO Investments, LLC, owners, and Kyle Talley, representing Longview Bridge and Road, Ltd, agent, to allow additional uses on an approximate 110.30 acre tract of land in the John H. Bostic HRS, A-46 and the J.W. Taylor HRS, A-756, located at 2607 FM 2148 North. The proposed use of this property is a temporary job site and contractor storage yard for a road project on Highway 30. The property is currently vacant.

The adjacent zoning is Single Family-2 to the north and south and outside the city limits to the east and west. The adjacent land use is Interstate-30 to the north, vacant land to the south and residences to the east and west.

An application (Z-20-10) was previously considered to rezone this property from Single Family-2 to Commercial to allow a temporary contractor storage yard. The contractor is proposing to utilize this property for several additional temporary uses that would require a Specific Use Permit per the City's Zoning Ordinance. Those uses are as follows:

- Portable concrete plant
- Portable rock crusher
- Portable pug mill
- Aggregate stockpiles
- Excavation and replacement of soil

Staff recommends for approval of the Specific Use Permit to allow these additional temporary uses for the duration of the Interstate-30 road project.

All notification and application requirements have been met to consider this request.

RESOLUTION NO. 2020-087**A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF TEXARKANA, TEXAS, ADOPTING THE FISCAL YEAR 2021 MASTER FEE LIST; AND ESTABLISHING AN EFFECTIVE DATE.**

WHEREAS, municipal services generally serve the total city population; and

WHEREAS, these general municipal services are expected to be delivered on a scheduled or demand basis but paid for from general funds collected broadly via property taxes or sales taxes; and

WHEREAS, there are a number of municipal services that are provided on a demand basis or provided to a very restricted segment of the general population; and

WHEREAS, the guiding principle for funding these demand basic services or services targeting a very restricted segment of the population should be paid for by those who receive or request the specific service; and

WHEREAS, user fees are often established by local governments throughout Texas, and the nation, using the uniform basis of collected revenues offsetting the expenses incurred delivering the service, thus not requiring taxpayer subsidy; and

WHEREAS, Texarkana does provide a number of municipal services that are used by segments of the city and thus lend themselves to being provided subject to the beneficiary paying related user fees; and

WHEREAS, city staff has prepared a list of services that are generally not used by the whole collective of the city and therefore should be paid for by those who directly benefit from the service provided.

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF TEXARKANA, TEXAS:

SECTION 1: That the City Council has reviewed the Master Fee List and has determined that the services listed are used by segments of the city and should appropriately be paid for by the charging and collecting of related user fees.

SECTION 2: That the Master Fee List will be reviewed annually and adjustments made to further align the user fee revenues with the costs of providing the designated services or city council directed percentages of the total costs of providing the designated service.

SECTION 3: That this Resolution shall be in full force and effect from and after adoption of this resolution.

The General Fund's unassigned fund balance is generally defined as the excess of assets over liabilities which have resulted from general city operations. The City may apply this balance in financing the budget for its succeeding year. However, since the unassigned General Fund balance partially consists of non-available assets, such as receivables, it is considered prudent to maintain a fund balance.

The level of the unassigned fund balance may determine the City's ability to respond to financial emergencies, such as revenue shortfalls, casualty losses not covered by insurance, civil suit court judgements, and unanticipated service cost level increases resulting from storms. Secondly, the unassigned fund balance is needed to maintain adequate reserves for cash flow purposes.

The City Council established a General Fund balance policy in September of 2017 with a goal of achieving and maintaining an unassigned fund balance in the General Fund of sixty (60) days of general operating expenditures, exclusive of capital outlay and debt service expenditures. The projected total General Fund balance at the end of the City's 2020-2021 budget year is \$13,086,794. The unassigned portion is estimated at \$8,486,524 or 90 days of operating expenditures.

Item Schedule

Schedule 2: Brief once - vote once (two weeks)

Updates/History of Briefing:

Executive Summary and Background Information:

Z-20-5: This is a request by Nefrali Amaya, owner, to rezone an approximate 0.23-acre tract of land (Tract 248) in the Thomas Price HRS, A-466, located at 615 Witt Street from Single Family-2 to Single Family-3. This property is currently vacant land.

The adjacent zoning is Single Family-2 to the north, south, east and west. The adjacent land use is vacant land to the north, south, east and west.

The Future Land use map designated this property as "Neighborhood Residential".

The City's Zoning Ordinance was amended to comply with the state law in 2002, requiring that all manufactured housing be HUD code building standard. This amendment also stipulated that all HUD code manufactured homes inside the city limits be placed in the Single Family-3 zoning district along with the approval of a Specific Use Permit.

There are a couple of tracts of land located in this immediate area that are currently zoned Single Family-3. HUD code double wide manufactured housing looks like some of the existing frame pier and beam houses in the area. This type housing could also be a revitalization housing alternative to traditional site-built homes. Therefore, staff recommends for approval of this request.

The applicant should also be aware that if this zoning change is approved, all other applicable city code/ordinance requirements must be met including but not limited to building codes, setbacks, subdivision, fire, parking, drainage, water and sewer prior to the issuance of building permits.

All notification and application requirements have been met to consider this request.

Subject: Ordinance No. 2020-055 granting a Specific Use Permit to allow a double wide HUD Code manufactured home on a 0.23-acre tract of land (Tract 248) in the Thomas Price HRS, A-466, located at 615 Witt Lane. Nefrali Amaya, applicant.

Item Schedule

Schedule 2: Brief once - vote once (two weeks)

Updates/History of Briefing:

NOT APPLICABLE

Executive Summary and Background Information:

S-719: This is a request by Nefrali Amaya, owner, for a Specific Use Permit to allow the location of a double wide HUD code manufactured home on an approximate 0.23-acre tract of land (Tract 248) in the Thomas Price HRS, A-466, located at 615 Witt Lane from Single Family-2 to Single Family-3. This property is currently vacant land.

The adjacent zoning is Single Family-2 to the north, south, east and west. The adjacent land use is vacant land to the north, south, east and west.

The City's Zoning Ordinance was amended to comply with the state law in 2002, requiring that all manufactured housing be HUD code building standard. This amendment also stipulated that all HUD code manufactured homes inside the city limits be placed in the Single Family-3 zoning district along with the approval of a Specific Use Permit.

There are a couple of tracts of land located in this immediate area that are currently zoned Single Family-3. HUD code double wide manufactured housing looks like some of the existing frame pier and beam houses in the area. This type housing could also be a revitalization housing alternative to traditional site-built homes.

Staff recommends for approval of the Specific Use Permit with the following stipulations:

1. That a 2019 or newer 4-bedroom, 2 bath double wide HUD code manufactured home be allowed on this property. See attached floor plan and photograph of home exterior.
2. That the double wide HUD code manufactured home be tied down/skirted/underpinned.
3. That the double wide HUD code manufactured home be used for dwelling purposes only, human occupancy only.
4. That the Specific Use Permit be in effect for a period of three (3) years, beginning at the date of this Ordinance. It is the owner's responsibility to renew this permit.

City of Texarkana, Texas

5. That if the HUD code manufactured home is not placed on the property within the three (3) year period, the Specific Use Permit will automatically be revoked.
6. That all driveways, parking, building codes/setbacks, engineered foundation, platting and flood plain requirements must be in accordance with the City of Texarkana, Texas codes.

The applicant should also be aware that if this request is approved, all other applicable city code/ordinance requirements must be met including but not limited to building codes, setbacks, subdivision, fire, parking, drainage, water and sewer prior to the issuance of building permits.

All notification and application requirements have been met to consider this request.

The City of Texarkana has implemented actions to develop institutional structures & enhance coordination between city departments, housing providers & social service agencies, & foster assisted housing improvements & resident initiatives. Through public hearings & meetings held throughout the year, the City continues to utilize a network of contacts, referrals, & partnerships to implement the strategies outlined in the Five-Year Consolidated Plan & re-enforced in each Annual Action Plan. The City will continue to build its relationship with local housing/service providers & the Housing Authority to ensure that the current limited housing resources are utilized in the most efficient manner possible & to meet the housing needs of extremely low, very low, & low-income renters & homeowners.

Texarkana Government Access Television provides public service & local government programming through Cable One. City Council meetings & other committee meetings are streamed on-line & archived. There is a municipal access channel (government access channel) that serves both Texas & Arkansas. Texarkana, AR manages the channel with Texarkana, TX paying a management fee. The channel divides the time equally for both cities showing meetings, general information, links to resources & documents, PSAs & any other relevant information. The Planning & Community Development department oversees the CDBG grant. The Grant Administrator is responsible for the day-to-day operation of the program. The department works in conjunction with the City's Finance, Inspection, Public Works, Street, & Parks & Recreation Departments to oversee the development of the Action Plan & administer the programs & activities incorporated in the Plan.

The Texas Homeless Network provides data from the Homeless Management Information System (HMIS), Point-In-Time Count (PIT), the Housing Inventory Count & the Annual Homeless Assessment Report (AHAR). This information is utilized to assist in determining the nature & extent of homelessness in Texarkana & identifying potential projects that will eliminate gaps in housing & services.

DRAFT

Describe cooperation & coordination with other public entities, including the State & any adjacent units of general local government, in the implementation of the Consolidated Plan (91.215(l))

The City of Texarkana, Texas enjoys a unique & challenging position in that it is a twin city to the City of Texarkana, Arkansas. The two cities share many things including infrastructure (roads, bridges, potable water systems, storm water systems, & sewage systems), planning organizations (MPO, Ark-Tex Council of Governments), health care agencies (Wadley Regional Medical System, Christus St. Michael Health System), economic development (Chamber of Commerce) & other non-profit agencies (Randy Sams Outreach Shelter, Salvation Army, Harvest Texarkana, Volunteer Center, Literacy Council, unique bi-state Workforce Development efforts). Consequently, collaborative planning is a necessity for the City & common practice. These agencies provide continual collaboration with the City in all aspects of community planning, including this Action Plan. Additionally, the City works closely with the Texarkana Housing Authority & has collaborated & provided funding for the renovation of existing public housing units.

Narrative (optional):

The Action Plan was developed in consultation with a wide range of public & private entities, including governmental & non-profit organizations knowledgeable about the needs of the low & moderate-income residents of Texarkana, & private citizens interested in, or affected by, the housing & community development activities discussed in the Plan. These contacts are part of a continuous process conducted in order to involve the broader community in assessing priority housing & community development needs; developing priorities, goals & objectives for addressing identified needs; & allocating available CDBG & other federal, state & local funding to activities that address priority needs.

AP-12 Citizen Participation

1. Summary of citizen participation process/Efforts made to broaden citizen participation Summarize citizen participation process & how it impacted goal setting

The City of Texarkana has implemented actions to develop institutional structures & enhance coordination between city departments, housing providers & social service agencies, & foster assisted housing improvements & resident initiatives. Through public hearings & meetings held throughout the year, the City continues to utilize a network of contacts, referrals, & partnerships to implement the strategies outlined in the Five-Year Consolidated Plan & re-enforced in each Annual Action Plan. The City will continue to build its relationship with local housing/service providers & the Housing Authority to ensure that the current limited housing resources are utilized in the most efficient manner possible & to meet the housing needs of extremely low, very low, & low-income renters & homeowners.

Texarkana Government Access Television provides public service & local government programming through Cable One. City Council meetings & other committee meetings are streamed on-line & archived. There is a municipal access channel (government access channel) that serves both Texas & Arkansas. Texarkana, AR manages the channel with Texarkana, TX paying a management fee. The channel divides the time equally for both cities showing meetings, general information, links to resources & documents, PSAs & any other relevant information. The Planning & Community Development department oversees the CDBG grant. The Grant Administrator is responsible for the day-to-day operation of the program. The department works in conjunction with the City's Finance, Inspection, Public Works, Street, & Parks & Recreation Departments to oversee the development of the Action Plan & administer the programs & activities incorporated in the Plan.

Interviews with key stakeholders included CDBG & other City staff, Texarkana Housing Authority staff, Area Office on Aging staff, homeless providers, services providers, Bowie County Veterans Service Officer, banking providers provided the basis for much of the information in the Plan.

Expected Resources

AP-15 Expected Resources – 91.220(c)(1,2)

Introduction

The City of Texarkana will receive a CDBG allocation of \$372,144 for PY 2020; \$159,447 from Revolving Loan Fund; \$2,500 Program Income; \$100,000 in CDBG-CV funds with the reallocated funds from previous years of \$61,909 for a total of \$696,000 to be used for eligible CDBG activities & for loan repayment.

Table 5 - Expected Resources – Priority Table

Explain how federal funds will leverage those additional resources (private, state & local funds), including a description of how matching requirements will be satisfied

The City recognizes the importance of leveraging resources. It is estimated that over the course of the 5 Year Plan, these community development projects will bring \$1.75 in private resources spent in the local economy for each grant dollar invested. Matching requirements will be met by in-kind donations of labor &/or materials. The programs listed above do not require matching funds. When matching funds are required, the City usually provides in-kind matching through labor & supplies or provides cash matches from the City's general funds.

If appropriate, describe publicly owned land or property located within the jurisdiction that may be used to address the needs identified in the plan

Publicly owned land or property located within the jurisdiction includes housing lots owned by the city, city parks, & scattered properties may be used to promote economic development, provide support for homeless programs &/or affordable housing in Texarkana. Additionally, publicly owned land may also be used to support public health activities, infrastructure & public services.

Discussion

Texarkana anticipates receiving federal funding over the next year from the Community Development Block Grant (CDBG) program. These funds will be used to fund projects which advance the goals identified in the 2020 Action Plan. Projects carried out using these federal funds over the next year will leverage additional funds from state & local government as well as private funding sources.

Describe the reasons for allocation priorities & any obstacles to addressing underserved needs

The City of Texarkana responds to the needs expressed in public hearings & stakeholder meetings. Affordable housing (rental & homeownership) & public improvements were listed as high priorities. To improve the quality of life of all citizens in Texarkana, the City will work with service & housing providers to address both the need for additional affordable housing & supportive service needs. Construction of 20 affordable housing units is underway with the Grim project and the City plans to draw all remaining Section 108 loan funds in PY2020. The City also plans to pay off \$460,000 of the loan in PY2020. The geographic areas of Beverly & Downtown were chosen because they have the greatest potential & greatest need.

The lack of additional funding is the major obstacle faced by the City when meeting underserved needs. The City will continue to investigate funding opportunities as they are identified.

AP-50 Geographic Distribution – 91.220(f)

Description of the geographic areas of the entitlement (including areas of low-income & minority concentration) where assistance will be directed

CDBG funds are allocated city-wide to projects & activities that benefit low-moderate income persons & households or provide services to residents in a low-moderate income area. The Beverly, Rosehill, Liberty-Eylau neighborhoods & the Downtown area are the target areas that are selected for projects during PY20. The City has also elected to provide Down Payment Assistance city-wide for income eligible applicants.

Table 8 - Geographic Distribution

Rationale for the priorities for allocating investments geographically

The City of Texarkana responds to the needs expressed in public hearings, focus groups, surveys & stakeholder meetings. The Downtown area, Beverly community, Rosehill community & Liberty-Eylau community have been identified as areas where CDBG funds can be used for revitalization activities. The City will work with service & housing providers to address both the need for additional affordable housing & supportive service needs. The City will use CDBG funds to provide down payment & closing cost assistance to low-moderate income homebuyers & continue supportive services programs.

Discussion

The lack of additional funding is the major obstacle faced by the City when meeting underserved needs. The City will continue to investigate funding opportunities as they are identified & to expand programs when financially feasible.

Affordable Housing

AP-55 Affordable Housing – 91.220(g)

Introduction

Affordable housing remains a high priority. Rising costs of construction, the availability of financing & the demand for a limited amount of land have combined to constrain affordable housing production. The result is significantly higher costs for housing when incomes are not be rising at the same pace.

AP-60 Public Housing – 91.220(h)

Introduction

HATT has systematically replaced or revitalized aging inventory through the HOPE VI grant & currently through the Rental Assistance Demonstration program. Robison Terrace is the last property to be renovated through RAD. During the RAD conversion all residents were relocated to other HATT properties & relocation expenses were provided by HATT.

Actions planned during the next year to address the needs to public housing

HATT will continue the conversion to RAD & project-based vouchers to meet the housing needs of its residents. HATT will continue to improve the living environment of its residents by:

- Expanding public housing security efforts & continuing to work with the City's Police Department
- Developing educational, cultural, & supportive service programs to further foster social & economic independence for its residents
- Implementing programs that promote a healthy lifestyle
- Increasing youth programs for public housing residents by fostering partnerships in the community
- Increasing resident participation in the Resident's Executive Council.

Actions to encourage public housing residents to become more involved in management & participate in homeownership

HATT actively promotes resident involvement through Resident Councils, targeted outreach via website, flyers, emails, mailing lists, & community notice boards at all community centers on Housing Authority properties. HATT has a homeownership program & provides homebuyer education classes for public housing residents. Residents are encouraged to attend public hearing & meetings during the City's public participation process.

If the PHA is designated as troubled, describe the manner in which financial assistance will be provided or other assistance

The Housing Authority of Texarkana is not designated as a troubled public housing authority.

AP-65 Homeless & Other Special Needs Activities – 91.220(i)

Introduction

The Texarkana Homeless Coalition meets monthly to discuss issues & challenges in meeting the needs of those experiencing homelessness or at-risk of homelessness. Members of the Coalition represent service & housing providers, public housing staff, emergency services & city staff. The Texarkana Homeless Coalition is part of the Texas Balance of State Continuum of Care & that is managed by the Texas Homeless Network (THN), a statewide nonprofit agency. The Texas Balance of State CoC is made up of all service providers, advocates, local government officials, & citizens who work to eliminate homelessness in over 216 counties in Texas outside of most major metropolitan cities. THN assists local homeless coalitions with community-based planning to develop plans to end homelessness & new projects to fill gaps in housing & services.

Describe the jurisdictions one-year goals & actions for reducing & ending homelessness including:

Reaching out to homeless persons (especially unsheltered persons) & assessing their individual needs

The City supports the Texarkana Homeless Coalition in its outreach & assessment efforts for homeless persons in the community by participating in Texarkana Homeless Coalition. The City will continue to organize stakeholder meetings to discuss & plan for more intensive outreach to those experiencing homelessness. There are no agencies in Texarkana that provide only outreach activities. Many agencies provide outreach to the specific population that they serve. The City uses CDBG funds to support these agencies in their efforts.

Addressing the emergency shelter & transitional housing needs of homeless persons

Emergency shelter in Texarkana is provided by Randy Sams Outreach Shelter. Randy Sams is a low-barrier homeless shelter & an ID is not required to stay at the shelter. There are 112 emergency beds available for up to 90 days at a time. The shelter also provides showers, food, transportation & case services.

Rapid Re-Housing (formerly transitional housing) is provided by Randy Sams with 22 households receiving assistance & by Doorways Home providing 10 households with housing vouchers. Households in the Rapid Re-Housing programs pay subsidized rent & receive assistance with case management & life skill classes & job training. The development of a family shelter is crucial to meeting the needs of homeless families. In order to make homelessness short-lived & non-recurring, there is a need for additional Rapid Re-Housing vouchers & services.

Helping homeless persons (especially chronically homeless individuals & families, families with children, veterans & their families, & unaccompanied youth) make the transition to permanent housing & independent living, including shortening the period of time that individuals & families experience homelessness, facilitating access for homeless individuals & families to affordable housing units, & preventing individuals & families who were recently homeless from becoming homeless again

There are no permanent supportive housing programs in Texarkana & the need for such housing is great. The Texarkana Homeless Coalition & the City will continue to identify agencies that have the capacity to expand their programs to provide permanent supportive housing. In order for chronically homeless individuals to maintain permanent housing, supportive services must be a part of their housing plan. Many chronically homeless & special needs populations will require long-term rental assistance since many are on disability incomes which do not cover the cost of housing plus living expenses. The average income for a person receiving Supplemental Security Income (SSI) is \$750 per month. Coordinated Entry has facilitated the access of housing & services for many people experiencing homelessness, but the availability of affordable & decent housing does not meet the need.

Helping low-income individuals & families avoid becoming homeless, especially extremely low-income individuals & families & those who are: being discharged from publicly funded institutions & systems of care (such as health care facilities, mental health facilities, foster care & other youth facilities, & corrections programs & institutions); or, receiving assistance from public or private agencies that address housing, health, social services, employment, education, or youth needs

Individuals with severe mental health challenges often require transitional or permanent supportive housing including ongoing treatment, social services & housing assistance to recover & live independently. Homelessness prevention services are needed for ex-offenders & persons being discharged from mental health facilities for reentry into their communities. Currently in Texarkana, there are no programs targeted to assist these individuals. Randy Sams is a low barrier shelter that provides emergency housing but only for a period of 90 days. The Coalition is discussing how to provide services & permanent housing solutions for these populations as well as unaccompanied youth. Youth aging out of foster care need transitional housing & supportive services. Lack of funding & lack of capacity of local agencies are the challenges to providing this type of housings.

The City will continue to use CDBG funds to support programs that address housing & service issues of those with special needs &/or at risk of becoming homeless. The largest obstacle is a lack of transitional & permanent supportive housing. The City will work with local service providers & provide funding when available & appropriate for programs that serve special needs populations.

Discussion

In PY2020, the City is assisting low-income &/or homeless persons by providing CDBG funding to agencies that provide supportive services to those experiencing homelessness. The challenges for providing an adequate supply of a variety of housing options are lack of funding & lack of capacity of the agencies to expand or create new programs. Efforts will be made during the year to identify ways to provide permanent supportive housing & a family shelter.

AP-75 Barriers to affordable housing – 91.220(j)

Introduction:

Many public & private sector policies & factors can create barriers to affordable housing for low- to moderate-income households. In general, the City's policies do not create undue barriers to affordable housing. The City has a fair housing ordinance which indirectly reduces the barriers to affordable housing by ensuring that all protected classes, many of whom are low- to moderate-income have equitable advantages to housing of choice. The City's development & building standards have been established to protect the citizenry & the general welfare of the community, which can result in higher costs for new & rehabilitated structures. The City uses all of the current international & national codes related to residential construction & rehabilitation as a means to protect the residents & the community as a whole. Development impact fees have been established to ensure that the developer carries the cost of development instead of the taxpayers. However, the impact fees & building standards can drive up the cost of new dwellings.

The adherence to building codes & impact fees are necessary & city-wide to protect the safety & wallets of the community as a whole. With the exception of zoning that prohibits development in or around unsafe areas, zoning ordinances are more flexible than building codes & development fees, & each zoning district does not provide a city-wide benefit. The zoning ordinance prohibits manufactured home parks & mobile homes & manufactured homes as fixed dwellings in all zoning districts. Manufactured home parks may be allowed with a specific use permit in districts zoned as agricultural; & HUD code manufactured homes as a fixed dwelling may be allowed in both agricultural & single family 3 zones, also with a specific use permit. Boarding & rooming houses may only be located within townhome & multi-family residential, commercial & planned development districts. This can be a barrier to group homes for special populations to be located single-family districts.

Private sector barriers include:

- Developers reluctant to construct affordable housing or unable to secure Low Income Housing Tax Credit approval;
- Insufficient number of multi-family units;
- High number of vacant housing that is abandoned or uninhabitable, preventing new development on the lots;
- Sellers requiring higher down payments than LMI buyers can afford; &
- Credit & employment histories of many LMI buyers result in mortgage denial.

Actions it planned to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees & charges, growth limitations, & policies affecting the return on residential investment

Although policies & ordinances can affect the cost of housing, the City's Analysis of Impediments indicates that there are no significant institutional barriers to affordable housing in Texarkana, Texas. Housing costs in Texarkana are considerably lower than the state as a whole, with the city of Texarkana, Texas averaging \$79 per square foot, the Texarkana metropolitan area averaging \$77 per square foot, & Texas averaging \$124 per square foot. The City is committed to maintaining & enhancing its policies that increase equal opportunity to housing for the lower income & protected classes.

To maintain the City's commitment to prevent barriers to affordable housing the City will:

- Maintain flexibility in zoning & building requirements when appropriate to allow for infill housing development;
- Complete the 20 units of affordable loft housing as part of the Grim Hotel project;
- Conduct outreach efforts to for-profit & non-profit builders & developers through funding & technical assistance to increase the supply of decent, affordable housing within low to moderate income neighborhoods as well as creation of affordable housing on a city-wide basis;
- Maintain an Affirmative Marketing Plan to directly market newly developed City-assisted housing units to minority groups least likely to apply to homeownership programs;
- Meet with local lenders & home builders to encourage the use of non-traditional client loan qualifying & loan products to better serve the needs of homebuyer households with challenges that preclude conventional qualification;
- Support local Continuum of Care efforts for homeless populations & provides ongoing support & technical assistance to the Texarkana Homeless Coalition;
- Work with local agencies that provide financial case management & credit counseling;
- Review & when applicable, revise the Fair Housing ordinance which ensures that fair housing options are available to its citizens;
- Monitor city-sponsored projects for equal access & compliance of the Fair Housing Act;
- Monitor code compliance to HQS & Fair Housing standards;
- Hold periodic Public Hearings providing information & requesting public comment on affordable & fair housing issues;
- Work with local housing service providers to conduct homebuyer & homeowner education;
- Conduct public outreach regarding availability of housing & housing assistance including translation of housing application materials into Spanish & maintains bi-lingual staff to assist applicants & clients who are not English-proficient.

Discussion:

The City is concerned with the shortage of affordable housing units that meet housing quality standards. Many of the units have been lost through abandonment of older properties. One way that the City is directly impacting the problem is the renovation & repurposing of the Grim Hotel. They will be constructing 20 affordable units in the hotel. The project began in PY2018 and will continue through PY2022. The other efforts with greatest effect are those where the City collaborates with the private non-profit & for-profit community as they provide affordable housing solutions.

AP-85 Other Actions – 91.220(k)

Introduction:

The following actions will be undertaken to address obstacles to meeting underserved needs, foster & maintain affordable housing, reduce lead-based paint hazards, reduce the number of poverty level families, & develop institutional structure.

Actions planned to address obstacles to meeting underserved needs

Requests for funding far exceed the available entitlement dollars received by the City of Texarkana. The City will continue to partner with non-profit agencies to leverage its CDBG allocation so that the maximum benefit is achieved. The City will facilitate a stakeholder's meetings & participate in the Texarkana Homeless Coalition to identify unmet needs & to strategize on how to meet those needs.

Actions planned to foster & maintain affordable housing

The City will continue to support development of affordable housing by providing flexibility in its development standards that encourages the industry to seek community partners. The City will fund owner-occupied rehabilitation & improvements geared toward maintaining the house in a decent condition. The City will support Low Income Housing Tax Credit applications when the project is compatible with the City's goals & objectives.

Actions planned to reduce lead-based paint hazards

Lead-based paint hazard identification & reduction strategies include education, outreach, & conformance with 24 CFR Part 35 regulations. The City distributes and maintains documentation of required information for homes built before 1978, including the EPA Lead-based Pamphlet, Notification of Lead Hazard Evaluation, & Notification of Lead Hazard Reduction. Lead-based paint information is included in the application package for housing rehabilitation & down payment assistance as well as distributed at events & neighborhood meetings.

Actions planned to reduce the number of poverty-level families

Texarkana addresses the problem of poverty through its strategic goals. Through a holistic approach that combines safe, decent affordable housing for low to moderate income households with social services, education, access to health & employment. The City, as lead agency in the implementation of the Consolidated Plan, will coordinate with local organizations to ensure that goals are met & will

continue to provide assistance to agencies that provide services to poverty level individuals & families.

Actions planned to develop institutional structure

The City will continue to make entitlement funds available to the community through issuance of subrecipient agreements. The City provides subrecipient training during the application phase, prior to the execution of subrecipient agreements & is available for technical assistance, if needed. The City distributes updated information on CDBG funded programs to subrecipients when appropriate. The City will maintain its webpage with up-to-date information as a resource for other city departments, general public & service/housing providers. The City is committed to meeting regularly with interested citizens & stakeholders to discuss community development issues.

The City recognizes the need to provide increased outreach to minority & non-English speaking residents. In an effort to reach these populations, the City held public hearings & community meetings with translation services to the Hispanic population at facilities located in low-moderate income areas. Public notices will be in English and Spanish & the City will advertise public hearings in the local newspaper & on their website.

Actions planned to enhance coordination between public & private housing & social service agencies

City staff will continue work with service providers, the local public housing authority, private housing resources & the Continuum of Care to ensure that there is awareness of the available resources & provide a conduit for communication & collaboration.

Discussion:

Since CDBG funding basically remains level, relationships are key to the success of housing, economic & community development efforts within the City of Texarkana. The City will continue to partner with service & housing providers to leverage CDBG funding in assisting the low to moderate residents of Texarkana.
